## **VIP SALON & SPA in Riverview, MI Becomes Largest GRAND MASTER SALON in the WORLD!**

*Riverview, MI September 23, 2010-* VIP SALON & SPA in Riverview, Michigan has just made a major leap in the fingernail industry! This salon has just become the first largest CND GRAND MASTER Salon in the world!

This certification required extensive training classes which entailed 21 Nail Technicians who are employed at VIP SALON & SPA. The training for this Top of the Line Certification started in May and was completed in September, 2010. Laurie Allure is a CND Grand Master instructor as well as a CND Education Ambassador that partnered with Borowy to conduct three separate trainings which were completed by each Nail Technician. This required practical (hands-on) as well as educational training in the entire field of nails, including but not limited to spa manicures, spa pedicures, liquid and powders, gel enhancements and their latest product "Shellac" a 14-day hybrid nail polish which does require professional application techniques.

VIP's 24<sup>th</sup> birthday was September 18<sup>th</sup> and owner Renee' Borowy couldn't be more proud of her entire staff. VIP houses 21 Nail Technicians as well as a Hair Department visited and rated by Allure Magazine and a Spa Department that the President of Eminence Organics and Skin Authority have come to visit in Riverview, Michigan.

CND formerly Creative Nail Design is one of the largest nail supply companies in the world which is known for their liquid and powder enhancement products for 30+ years.
